WORK EXPERIENCE

Dorel Juvenile
Web Developer www.infanti.cl   Oct 2021 – Nov 2023

- Developed and maintained web applications using modern JavaScript frameworks.
- Implemented and optimized database queries to improve application performance.
- Operated and optimized the Magento platform, ensuring seamless functionality.
- Collaborated with design team to implement responsive and accessible web interfaces.
- Utilized analytics tools (Google Analytics, Hotjar) to improve user experience.

Ferreteria Marsella

Web Associate www.ferreteriamarsella.cl   Aug 2019 – Sep 2020

- Developed and maintained e-commerce website functionality.
- Built responsive web components to enhance user experience.
- Managed web sales operations and platform maintenance.

PROFESSIONAL PROJECTS

- **Personal Portfolio**: A responsive, dynamic portfolio built with HTML, CSS, and JavaScript, hosted on Hostinger. Applied WCAG guidelines and achieved a 99% score in Google Core Web Vitals.

- **RBC Place London Information HUB**: Created as a platform to host all information regarding guidelines and rules for porters at the RBC Place Convention Center. This platform provides easy access to essential operational details, ensuring smooth coordination and compliance with venue procedures.

- **Global Technologies**: This project is an existing website for which I am currently working on updates and improvements. My tasks include organizing the code, translating content into Spanish, redesigning the layout, and enhancing its functionalities. The goal is to streamline the user experience and ensure the site meets modern standards of performance and accessibility.

QUALIFICATIONS

- Bilingual: Fluent in English and Spanish
- 7+ years of experience in team collaboration and project delivery
- Strong background in web optimization and user experience
- Experienced in implementing WCAG Web Content Accessibility Guidelines
